Hiring Manager

UBS

Weehawken, NJ 07086

Dear Sir/Madam:

Please accept this letter and the attached resume as an indication of my sincere interest in the open IT Software Engineer – Web Front End Lead at UBS. I am a Software Engineer, who graduated from Rutgers University Coding Bootcamp. I am currently pursuing a full time permanent position with esteemed organizations like UBS. My strong advocate of agile software development, in order to drive end to end deliverables. Merge with my experiences designing and developing elegant web applications using React, Redux, NPM, Webpack, and Unit-testing matches well with your requirements.

I am also a part-time teacher's assistant at Rutgers. Where I assisted the instructor maintain classroom objectives, evaluated and educated students while also providing a positive and educational environment. I have proven to be curious, detailed oriented and questioned minded. By Enhancing the curriculum suggesting and implementing different solutions to current lesson plan. As well as debugging and updating deprecate code. My experience in all of these systems in addition to my ability to problem solve, learn quickly and apply knowledge effectively would enable me to play a valuable role.

Thank you for your time and consideration. I am confident that my background and knowledge in the Information Technology arena couple with my strong technical skills in software languages will prove an asset to your organization and add immediate value to your organization. I can be reached via phone or email.

Sincerely,

Hector Candelaria
